

**MICHIGAN LIBRARY ASSOCIATION**

## ABOUT US

Libraries throughout Michigan are centers for learning and self-discovery, providing free and open access to information to all residents. Libraries are simultaneously community centers, tourist destinations, places to read, places to gather and socialize, places to study, and places to learn – cultural institutions in the heart of every community, and on every campus, throughout Michigan. Michigan residents love their local and school libraries. Michigan libraries provide free access to vital resources for all Michiganders, including our most vulnerable and disenfranchised citizens.

The Michigan Library Association (MLA) leads the advancement of all Michigan libraries through advocacy, education and engagement. As Michigan's oldest and largest library association, MLA has advocated for libraries on behalf of the state's residents since 1891. MLA is uniquely positioned to be a service and advocacy organization. Our membership is comprised of 2000 libraries, library professionals and library supporters who come from urban, suburban and rural areas from all throughout Michigan. We support the growth and professional development of library personnel; provide consulting and technical assistance; advocate for the value of libraries; and ultimately, unite all libraries through a shared ecosystem, giving Michigan residents the ability to connect to our vast wealth of knowledge from cradle to grave.
