MLA’s Spring Institute for Youth Services highlights the brilliance of Michigan’s library professionals every year. From early literacy to teen programs the work you do matters, and we want to help you showcase it.

That is why Spring Institute is the premier professional development and networking event for Michigan library professionals working in youth or teen services. What will make the 2023 event special is the energy and drive that you, the Michigan library professional, brings to the table. You spend all year spearheading new initiatives, discovering new ways to reach your community, and improving your professional skills. Now is the chance to celebrate that work.

Ultimately, we need you. We need your best practices. We need your engaging ideas. We need your input. In turn, this is an excellent opportunity for you to develop as a library professional, and to have a definitive positive impact on the library community.

Submit your ideas and help take your library skills to the next level. Your program idea may extend the learning opportunities for library professionals across Michigan.
